## After School Learning Program

At Floyds Taekwondo, Martial Arts instruction is just one thing we do, but it is also our goal with each child to prepare them to excel as young leaders of tomorrow.

Our After School Program has been developed with working families in mind. Your child may ride the school bus to our location, where they will be greeted by our staff and instructors.

When they arrive each program member will receive a snack, at 4pm to 5pm they will have a hour long martial arts class, then from 5pm to 6pm they will begin any home work assignments they have until being picked up.

All members are Supervised while in our facility.

Karate for Kids “Star System” is a system of rewards that was developed to help reinforce monthly themes such as:

Goals	Friendship	Perserverance
Self-Control	Condifidence	Self-Improvement
Courtesy	Self-Awareness	Respect
Integrity	Self-Esteem	Dedication

Keep in mind that “Every kid is a winner” and that, “Every kid is special” and kids can be rewarded for increases in confidence as well as athletic accomplishment.

Terry Floyd

Certified Instructor, 4<sup>th</sup> Degree Black Belt, School Owner
